About the Arts Center

The Arts Center of Coastal Carolina produces musicals, comedies and dramas. We also host visiting performers, musicians, vocalists, artists, dancers and more. We are a theater with a 350-seat main stage house and black box venue for youth and experimental theater. We are a gallery for the visual arts. We are a center for learning. And we are a community, taking our offerings to the world as we invite the world to us.

Theater Series

Each year the Arts Center produces five plays or musicals, from concept to curtain call, featuring outstanding direction, superb production design and talented performers.

Presenting Series

From pop and jazz to big band and blues, the Arts Center offers great performances throughout the season for every taste, as well as youth shows and programs.
